

International College of Fellows-BSE – Annual Meeting

European Society For Biomaterials Meeting, Krakow, Poland

Tuesday, September 1, 2015

Hall 4C Level 3, ICE Congress Centre, Krakow

AGENDA

1. Welcome and Introduction- by Joachim Kohn (Chair)
2. Mission of the International College of Fellows (ICF-BSE) and the role of the IUS-BSE.

The ultimate vision of the ICF-BSE is to become a well-recognized, highly esteemed international organization focused on the advancement of biomaterials science and engineering.

As such, it is the goal of the ICF-BSE to be an advisory entity charged with such tasks as advising biomaterials societies, universities, and government agencies on all matters relating to the field of biomaterials science and engineering.

3. Open position of the Secretary of ICF-BSE
4. Update on IUS-BSE action to modify the guidelines for the status of Fellow and introduction of the status of “Fellow Emeritus”
5. Opportunities and Challenges for the field of biomaterials
6. Current Programs of the ICF-BSE:
 - a. *International student exchange program*
 - b. *Special Fellows Sessions at major conferences:*
 - i. Summary of past fellow sessions: Amsterdam (2008), Chengdu (2012), & Liverpool (2014)
 - ii. Update on future fellows sessions in Krakow (2015) and at the 10th World Biomaterials Congress in Montreal, Canada
 - iii. *Fellows Publications*
 1. “Can We Regrow a Human Arm” in: J Mater Sci: Mater Med (2013) 24:2623–2626
7. New proposals and ideas
8. Update on WBC 2016 in Montreal
